

## SJAFCA Strategic Planning

### Charter Development Questionnaire

**SJAFCA is building a charter and strategy to guide and inform its capital improvement program. Your answers to this questionnaire will provide insight into the agency's mission, goals, and objectives.**

1. Does SJAFCA's current Mission statement clearly communicate a vision for the agency?

Current Mission Statement: "Study, plan and implement flood protection projects, reducing the risk to people, structures and our economy. To accomplish this mission, SJAFCA coordinates and partners with local, State, and Federal agencies."

Yes

No

Please Specify

2. Based on your understanding, does SJAFCA's role align with its current mission statement? What's going well? What could be done differently?

Yes

No

Please Specify

3. If you could change the mission statement, how would it differ? Propose a new mission statement or modify the current one.

Current Mission Statement: "Study, plan and implement flood protection projects, reducing the risk to people, structures and our economy. To accomplish this mission, SJAFCA coordinates and partners with local, State, and Federal agencies."

4. What are the biggest challenges facing SJAFCA in implementing its mission, near term and long term?

5. Do you believe SJAFCA's goals and objectives are clearly defined?

Yes

No

Please Specify

6. What are some things SJAFCA should focus on now as it develops goals and objectives to accomplish its mission? What about long term?

7. What are some potential barriers to accomplishing these goals?

8. What opportunities exist for advancing goals?

9. How would you describe the partnership/interaction between SJAFCA member agencies?

Poor

Excellent

N/A

     

Please Elaborate
